**Subject: Request for Additional Information  
Stormwater Project No. SWG040095  
Atlantic Coast Pipeline Project  
Nash County**

Dear Ms. Hartz:

The Division of Energy, Mineral and Land Resources (DEMLR), received a Stormwater Management Permit Application for the subject project on October 30, 2017. A preliminary review of that information has determined that the application is not complete. The following information is needed to continue the stormwater review:

1. Submit an original signed application form, not a photocopy.
2. The plans provided are not to scale, and not legible. Provide 2 sets of full-sized plans to scale. Additionally, construction plans and details need to be provided for each area with impervious area. (See 15A NCAC 02H .1042 & Sect. A.7. of SWG040000)
3. Provide pdfs of all revisions, 2 hardcopies of revised plan sheets, and 1 hardcopy of other documents. Pdfs must be uploaded using the form at: [ [HYPERLINK](https://edocs.deq.nc.gov/Forms/SW_Project_Submittal) "https://edocs.deq.nc.gov/Forms/SW\_Project\_Submittal" ]

Please note that this request for additional information is in response to a preliminary review. **The requested information should be received by this Office prior to December 7, 2017, or the application will be returned as incomplete.** The return of a project will necessitate resubmittal of all required items, including the application fee.

If you need additional time to submit the information, please submit your request for a time extension to the Division at the contact below. The request must indicate the date by which you expect to submit the required information. **The Division is allowed 90 days from the receipt of a completed application to issue the permit.**

The construction of any impervious surfaces, other than a construction entrance under an approved Sedimentation Erosion Control Plan, is a violation of NCGS 143-215.1 and is subject to enforcement action pursuant to NCGS 143-215.6A.

Please reference the State assigned project number **SWG040095** on all correspondence. If you have any questions concerning this matter please feel free to contact me at [ [HYPERLINK "mailto:Robert.Patterson@ncdenr.gov"](mailto:Robert.Patterson@ncdenr.gov) ] or (919) 807-6369.

Sincerely,

Robert D. Patterson, PE  
Environmental Engineer  
Stormwater Program
